

NANO BROWN SUGAR

Mineral Fortified • For Faster Absorptions

Designed to be used by itself, or can be mixed with various other NPK fertilizer formulations.

BENEFITS:

- Helps raise glucose level in your crops.
- Increases microbial activity in soil.
- Help increase absorptions of essential minerals.
- Provides instant nutrition and energy to the plant.

APPLICATION RATE:

1 Gallon per 20 Acres in 10-20 gallons of water per acre. Use in accordance with recommendations of a qualified individual or institution, such as, but not limited to, a certified crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan.

GUARANTEED ANALYSIS

Humic acid	6.0%
Molybdenum (MO)	2.5%

INACTIVE INGREDIENTS

Water	41.51%
Brown Sugar	48.0%
Non Ionic Surfactant	(<) 2%

CAUTION: This fertilizer is to be used only on soils which respond to molybdenum. Crops high in molybdenum are toxic to ruminants.
