

# PHOSPHORUS BALANCER (0-24-0)

## Designed with Micro Molecular Technology

**Phosphorus Balancer 0-24-0** is designed with micro molecular technology (Microscopic Macro particles) that is designed to stay in suspensions and will not clog applicator spray nozzles. Absorption rate is 3 to 4 times higher than regular phosphorus based products. Phosphorous is one of the major elements essential for plant growth. Upon foliar application the phosphorous in Phosphorus Balancer can be taken up directly by the plant leaves and used by the plant.

### DIRECTIONS FOR USE:

Shake or stir well prior to use.

### APPLICATION RATE:

Use 28 to 36 ounces to 15 gallons of water per acre. Shake well before using. Rate is based on soil condition and type of crop. A soil test is advisable prior to application. Product can be foliar feed when intended target is four-six inches tall in order to maximize absorption by the plant. Product can be applied through the irrigation systems or tank sprayers. Use in accordance with recommendations of a qualified individual or institution, such as, but not limited to, a certified crop advisor, agronomist, university crop extensions publication, or apply according to recommendations in your approved nutrient management plan.

### CAUTION:

Keep product away from eyes. Do not swallow or ingest this product. It is recommended that safety glasses or other protective eye wear be worn to prevent eye contact. The use of rubber, neoprene, nitrile or other protective gloves are recommended where prolonged or extensive use is expected. Remove contaminated clothing and DO NOT wear again until thoroughly cleaned. Wash hands thoroughly with soap and water after handling. KEEP OUT OF REACH OF CHILDREN AND AWAY FROM PETS. STORE AWAY FROM FOOD AND DRINK.

### STORAGE: KEEP FROM FREEZING

### GUARANTEED ANALYSIS

Total Nitrogen (N)	0.15%
.09% Ammonical Nitrogen	
.06% Urea Nitrogen	
Available Phosphate (p2Os)	24%
Soluble Potash (K2O)	0.81%
Inert Ingredients	75.04%

\*Plant Nutrients derived from: Diammonium phosphate, Muriate of Potash, Sulfur-coated Urea, and Ammonium Sulfate.

### FIRST AID:

**EYES:** Immediately flush eyes with plenty of water and continue for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical attention if irritation persists.

**SKIN:** Flush affected areas with plenty of water. Get medical attention if irritation persists.

**INGESTION:** If this product is swallowed, do not induce vomiting. If vomiting occurs, keep head below hips to prevent aspiration (breathing) of liquid into lungs. Get medical attention immediately.

NOTICE: Our only obligation shall be to replace or pay for any material proven to be defective. Beyond the purchase price of materials supplied by us, we assume no liability for damages of any kind and the user accepts the product "as is" and without warranties, expressed or implied. The suitability of the product for an intended use shall be solely up to the user.

Limited Warranty: Max Systems LLC guarantees that this product conforms to its label description and is suitable for its intended use when used in accordance with the label directions before the expiration date. Max Systems LLC or its representatives must be notified of any turf complaint within sixty (60) days after spraying. Max Systems LLC's sole obligation under the warranty shall be to refund the purchase price. Max Systems LLC shall not be liable for and disclaims all consequential, incidental and contingent damages whatsoever. Without limiting the foregoing, Max Systems LLC shall not be responsible for loss or partial loss of crops from any case whatsoever. The limited warranty is in lieu of other warranties, expressed or implied. This limited warranty is void where prohibited by law.
